Media types

- All
  - All devices are affected
- Print
  - Only applied when printed
- Screen
  - Applies to all devices with screens
- Speech
  - Applies to screen readers etc.
Media features

- min-width : #px
  - Device must be at least #px in width
- max-width : #px
  - Device must be less than #px in width
- orientation
  - landscape
  - portrait
Min and max

- min-width: #px
  - Requires an element is never smaller than #px

- max-width: #px
  - Prevents an element from being larger than #px

- Very useful in combination with width: #%
Min and max

```html
<style>
  #special{
    width:33%;
    min-width:200px;
    max-width:500px;
    background-color:red;
    height:200px;
  }
</style>

<div id="special"></div>
</div>
```
