#1. (5 points) What is written into the current HTML document by the following JavaScript code?

```
<script type="text/javascript">
<!--
    document.writeln("<TABLE BORDER>") ;
    document.writeln("<TR>") ;

    I = 1 ;
    while (I <= 3)
    {
        document.writeln("<TD>", I, "</TD>") ;
        I = I + 1 ;
    }

    document.writeln("</TR>") ;
    document.writeln("</TABLE>") ;
//-->
</script>
```

```
<TABLE BORDER>
    <TR>
        <TD>1</TD>
        <TD>2</TD>
        <TD>3</TD>
    </TR>
</TABLE>
```

#2. (5 points) What does the result from problem #1 look like when rendered by the browser?

```
1 2 3
```

This is a one row, three column table, with a border, containing numbers 1, 2, and 3.
#3. (5 points) What is printed out by the following Python program?

```python
print '<OL TYPE="A">'
I = 1
while (I <= 3):
    print '<LI>', I, '</LI>'
    I = I + 1
print '</OL>'
```

```
<OL TYPE="A">
 <LI>1</LI>
 <LI>2</LI>
 <LI>3</LI>
</OL>
```

#4. (5 points) What does the result from problem #3 look like when rendered by the browser?

A. 1
B. 2
C. 3

Note the TYPE="A" attribute means that the ordered list will use capital letters A, B, C, ..., instead of Arabic numbers 1, 2, 3, ...

#5. (5 points) Web address http://elsrv3.cs.umass.edu/~verts/cmpsci120/ works fine, but http://elsrv3.cs.umass.edu/~verts/cmpsci120/MyPicture.gif returns a “403” forbidden error. What is wrong and how do we fix it?

MyPicture.gif is present, but has the wrong permissions (if it was missing entirely, the error would be a 404 File Not Found message).

To fix, add read permission to “others”. The proper permissions mask should be rw-r--r-- (it is currently missing the final r).
