CMPSCI 105 Quick Reference Sheet, Fall 2014

Mail: Professor William T. Verts
School of Computer Science
Computer Science Building
University of Massachusetts
Amherst, MA 01003

My Office: LGRC A356 (Lederle GRC Low Rise, not the tower)

My Hours: Tu/Th 2:00-3:30, and by appointment.

My Email: verts@cs.umass.edu

TA Office: LGRT 212 (Lederle GRC Tower, not the low rise)

TA Hours: See class Web site: September through last day of classes

Web: My Home Page: http://people.cs.umass.edu/~verts
Class Main Home Page: http://people.cs.umass.edu/~verts/coins105/coins105.html
On-Line Assignments: http://people.cs.umass.edu/~verts/coins105/quizzes/quizzes.html

Books: Computer Literacy Workbook, 2014-2015 printing, 21ST edition (three volumes, red cover), ISBN 978-1-4652-6048-2, ~$76, and Computer Science Companion, 2014, 1ST edition (cyan cover), ISBN 978-1-4652-6047-5, ~$22, both by me. Available in Textbook Annex or directly from Kendall/Hunt (new only; all older editions with different cover colors are out of date). You must get these books before the first assignment are due. If you take any of my other IT courses (CMPSCI 119, 120, 145) I strongly recommend that you hang onto the Workbook, and the Companion will be required for those courses as well.

Work: 20% Midterm, probably Thursday October 16TH, 7pm-9pm. Open book, open notes, no calculators or electronic aids.
20% Final Exam, December 11TH, 10:30am, in Totman Gym. Open book, open notes, no calculators or electronic aids.
40% 10 Lab Assignments, in chapter 21 of volume 3 of the Computer Literacy Workbook. Each is worth 4% of grade.
15% 11-12 on-line Homework Assignments, in on-line assignments web page (address listed above).
5% 7-8 in-class Quizzes, NO MAKE-UPS EVER, FOR ANY REASON. You may miss two quizzes without penalty.
Extra An extra credit homework is in chapter 20 of volume 3 of the Workbook, due by last day of class.
Extra An extra credit term paper (chapter 23, volume 3), draft due by email November 21, paper version due at final exam. You must complete all assigned work by the given due dates to avoid substantial late penalties.

Final Course Grading (no curves on either exams or final grades):
A ≥ 90%, A- ≥ 88%, B+ ≥ 86%, B ≥ 80%, B- ≥ 78%, C+ ≥ 76%, C ≥ 64%, C- ≥ 62%, D+ ≥ 60%, D ≥ 50%.
Missing either the midterm exam or the final exam results in an automatic “F” for the course. Fractional course scores get rounded to nearest integer. For example, 87.49999 rounds down to 87 (B+) but 87.50000 rounds up to 88 (A-).

Required Hardware/Software:
PC / OS: A PC running Windows XP/Vista/7/8, or Mac OS/X 10.6 or later. Some assignments can’t use the Mac.
Web: Fast link with Mozilla Firefox, Google Chrome, Opera. (Microsoft IE & Mac Safari not recommended.)
USB flash drive: The cheapest available (~$10) will have plenty enough storage for our class. I recommend SanDisk.
Other Software: WinSCP (secure PC FTP) http://winscp.net/eng/download.php (installation package)
Fugu (secure Mac FTP) http://rsug.itd.umich.edu/software/fugu/
PuTTY (secure PC Telnet)http://www.chiark.greenend.org.uk/~sgtatham/putty/
Acrobat Reader http://get.adobe.com/reader/otherversions/

Basic Rules:
Do not call me or the TAs at home unless there is a dire emergency (asteroid impacts, nuclear war, alien invasion, etc.).
Do not “friend” me on social networking sites (Facebook, LinkedIn, etc.). I only pick relatives, classmates, & hiking buddies.
Lab assignments start the week of September 15. No assignments are due during the first two weeks of class.
Lab assignments are turned in on paper, and may be submitted during class or at the TA’s office, LGRT 212.
Lab assignments are due the week after they are assigned (except that labs #7 and #8 each take two weeks).
Lab assignments are 10 points each; 3 point late penalty for between one day late and one week late, no credit thereafter.
Never email any assignment to me as an attachment. All attachments will be deleted.
Never send email to me for trivial questions that can be answered during class; I won’t email a reply.
On-line assignments are automatically assessed late penalties of 1 point per day without human intervention.
If you must leave school on long unavoidable absences, please contact me as soon as possible to arrange accommodations.
I do NOT want your flash drives back at the end of the semester.
ALL STUDENTS pick up graded work from their own individual personal file folders in the TA’s office, LGRT 212.

DO YOUR OWN WORK, INCLUDING HOMEWORK AND LAB WORK. You may discuss homework and lab assignments with other students, but you may not share files or disks. Term papers must not be plagiarized, and will be scanned using on-line software designed to detect duplication. Upon discovery of any infraction, I will contact you for a conference, as required in the guidelines set out by the University of Massachusetts Academic Honesty Policy, (see the document at: http://www.umass.edu/dean_students/codeofconduct/acadethonesty/) and we will resolve the issue according to those guidelines. DO NOT ask for work after the end of the semester to boost your grade.

RTFM!
