

# CS 103: Networks

## Homework 2

Dan Sheldon

September 30, 2015

### Instructions

- Due Thursday 10/01 at the *beginning* of class
- List all collaborators on your submission
- Review the course collaboration policy (collaboration encouraged; write own solutions).

### Problems

Complete all of these:

1. Chapter 6, Exercise 1
2. Chapter 6, Exercise 3. (Note that a player can have multiple best responses to a particular strategy if the payoffs are tied.)
3. Chapter 6, Exercise 4
4. Chapter 6, Exercise 6, part (c) only
5. Chapter 6, Exercise 10
