Class Main Home Page: <http://people.cs.umass.edu/~verts/coins105/coins105.html>
On-Line Assignments: <http://people.cs.umass.edu/~verts/coins105/quizzes/quizzes.html>
Gen.-Ed. Statement: <http://people.cs.umass.edu/~verts/coins105/GenEdStatement.html>

Books: *Computer Literacy Laboratory Manual*, 2019-2020 printing, (yellow cover), ISBN 9781524992606, ~\$28, and *Computer Science Companion*, 4TH edition (magenta cover), ISBN 9781524992613, ~\$28, both by me. Available from eCampus or directly from Kendall/Hunt. You must get these books before the first assignment are due. If you take *any* of my other IT courses (COMPSCI 119, 120, 145) the Companion *will be required* for those courses as well.

Work: 20% Midterm: **Thursday, October 17TH, 7:00pm-9:00pm**. Open book, open notes, no calculators or electronic aids.
20% Final: **Friday, December 13TH, 1pm-3pm, Hasbrouck 20**. Open book, open notes, no calculators/electronics.
40% 10 Lab Assignments, in the Computer Literacy Laboratory Manual. Each is worth 4% of grade.
15% 11-12 on-line Homework Assignments, in on-line assignments web page (address listed above).
5% 7-8 in-class Quizzes, **NO MAKE-UPS EVER, FOR ANY REASON**. You may miss **two** quizzes without penalty.
Extra An **extra credit** homework is in the Lab Manual, **due by final exam**.
Extra An **extra credit** term paper assignment is in the Lab Manual, **draft due by email November 15, paper version due at final exam**. You must complete all assigned work **by the given due dates** to avoid substantial late penalties.

Final Course Grading (no curves on either exams or final grades):

A ≥ 90%, A- ≥ 88%, B+ ≥ 86%, B ≥ 80%, B- ≥ 78%, C+ ≥ 76%, C ≥ 64%, C- ≥ 62%, D+ ≥ 60%, D ≥ 50%.

Missing either the midterm exam or the final exam results in an automatic “F” for the course. Fractional course scores get rounded to nearest integer. For example, 87.49999 rounds down to 87 (B+) but 87.50000 rounds up to 88 (A-).

Required Hardware/Software:

PC / OS: A PC running Windows 7/8/10, or Mac OS/X 10.6 or later. Some assignments can't use the Mac.
MS Office: Microsoft Office **2010/2013/2016 on Windows, 2011/2016 on Mac, or later** (do not use earlier versions).
Web: Fast link with Mozilla Firefox, or Google Chrome. (do not use Microsoft IE or Mac Safari)
USB flash drive: The cheapest available (~\$10) will have plenty enough storage for our class. I recommend SanDisk.
Other Software: WinSCP (secure PC FTP), Fugu (secure Mac FTP), PuTTY (secure PC Telnet), a .PDF reader.

Basic Rules:

Do not call me or the TAs at home unless there is a dire emergency (asteroid impacts, nuclear war, alien invasion, etc.).
Do not “friend” me on social networking sites (Facebook, LinkedIn, etc.). I only pick relatives, classmates, & hiking buddies.
Lab assignments start the week of September 16. No paper assignments are due during the first two weeks of class.
Lab assignments are turned in on paper and may be submitted during class or at the **TA's office, LGRT 222**.
Lab assignments are due the week after they are assigned (except that lab #7 takes two weeks).
Lab assignments are 10 points each; 3 point late penalty for between one day late and one week late, no credit thereafter.
Email questions to me with **COMPSCI 105** in the Subject: line, and your name as part of the message body.
Never email any assignment to me as an attachment. **All attachments will be deleted.**
Never send email to me for trivial questions that can be answered during class; I won't email a reply.
On-line assignments are automatically assessed late penalties of 1 point per day without human intervention.
If you must leave school on long unavoidable absences, please contact me as soon as possible to arrange accommodations.
I do NOT want your flash drives back at the end of the semester.
ALL STUDENTS pick up graded work from their own individual personal file folders in the **TA's office, LGRT 222**.
Cell phones are NOT WELCOME. Please turn them off or set to airplane mode/vibrate-only when you come to class.
Laptop computers are welcomed and encouraged in class for taking notes and on quiz days. (Not at exams, though!)

DO YOUR OWN WORK, INCLUDING HOMEWORK AND LAB WORK. You may discuss homework and lab assignments with other students, but you may not share files or disks. Term papers must not be plagiarized and will be scanned using on-line software designed to detect duplication. Upon discovery of any infraction, I will contact you for a conference, as required in the guidelines set out by the University of Massachusetts Academic Honesty Policy, (see the document at: http://www.umass.edu/dean_students/academic_policy/) and we will resolve the issue according to those guidelines. **DO NOT** ask for work after the end of the semester to boost your grade.

RTFM!
