COMPSCI 105 Quick Reference Sheet, Spring 2019

Mail: Professor William T. Verts
      College of Information and Computer Sciences
      140 Governors Drive (CS Building)
      University of Massachusetts
      Amherst, MA 01003

My Office: LGRC A357 (Lederle GRC Low Rise, not the tower)
My Hours: M/W/F 2:45-3:45, and by appointment.
My Email: vertsa@cs.umass.edu
TA Office: LGRT 222 (Lederle GRT tower)
TA Hours: Will be on class Web site, January through April

Web: My Home Page: http://people.cs.umass.edu/~verts
     Class Main Home Page: http://people.cs.umass.edu/~verts/coins105/coins105.html
     On-Line Assignments: http://people.cs.umass.edu/~verts/coins105/quizzes/quizzes.html

Books: Computer Literacy Laboratory Manual, 2018-2019 printing, (orange cover), ISBN 9781524973957, ~$26, and Computer Science Companion, REVISED 3RD edition (green cover), ISBN 9781524943998, ~$28, both by me (it is acceptable if you have the unrevised 3RD edition of the Companion, although the newer version has corrected many errors, added new material, and is now in color). You must get these books before the first assignment are due. If you take any of my other IT courses (COMPSCI 119, 120, 145) the Companion will be required for those courses as well.

Work: 20% Midterm: Thursday, March 7TH, 7:00pm-9:00pm. Open book, open notes, no calculators or electronic aids.
       20% Final: Thursday, May 9TH, 1pm-3pm, Totman Gym. Open book, open notes, no calculators/electronics.
       40% 10 Lab Assignments, in the Computer Literacy Laboratory Manual. Each is worth 4% of grade.
       15% 11-12 on-line Homework Assignments, in on-line assignments web page (address listed above).
       5% 7-8 in-class Quizzes, NO MAKE-UPS EVER, FOR ANY REASON. You may miss two quizzes without penalty.
Extra An extra credit homework is in the Lab Manual, due by final exam.
Extra An extra credit term paper assignment is in the Lab Manual, draft due by email April 12, paper version due at final exam. You must complete all assigned work by the given due dates to avoid substantial late penalties.

Final Course Grading (no curvess on either exams or final grades):
A ≥ 90%, A- ≥ 88%, B+ ≥ 86%, B ≥ 80%, B- ≥ 78%, C+ ≥ 76%, C ≥ 64%, C- ≥ 62%, D+ ≥ 60%, D ≥ 50%. Missing either the midterm exam or the final exam results in an automatic “F” for the course. Fractional course scores get rounded to nearest integer. For example, 87.49999 rounds down to 87 (B+) but 87.50000 rounds up to 88 (A-).

Final Course Grading (no curvess on either exams or final grades):
A ≥ 90%, A- ≥ 88%, B+ ≥ 86%, B ≥ 80%, B- ≥ 78%, C+ ≥ 76%, C ≥ 64%, C- ≥ 62%, D+ ≥ 60%, D ≥ 50%. Missing either the midterm exam or the final exam results in an automatic “F” for the course. Fractional course scores get rounded to nearest integer. For example, 87.49999 rounds down to 87 (B+) but 87.50000 rounds up to 88 (A-).

Required Hardware/Software:
PC / OS: A PC running Windows 7/8/10, or Mac OS/X 10.6 or later. Some assignments can’t use the Mac.
MS Office: Microsoft Office 2010/2013/2016 on Windows, 2011/2016 on Mac, or later (do not use earlier versions).
Web: Fast link with Mozilla Firefox (Google Chrome OK, but Opera, Microsoft IE, Mac Safari not recommended.)
USB flash drive: The cheapest available (~$10) will have plenty enough storage for our class. I recommend SanDisk.
Other Software: WinSCP (secure PC FTP), Fugu (secure Mac FTP), PuTTY (secure PC Telnet), a .PDF reader.

Basic Rules:
Do not call me or the TAs at home unless there is a dire emergency (asteroid impacts, nuclear war, alien invasion, etc.).
Do not “friend” me on social networking sites (Facebook, LinkedIn, etc.). I only pick relatives, classmates, & hiking buddies.
Lab assignments start the week of February 4. No paper assignments are due during the first two weeks of class.
Lab assignments are turned in on paper and may be submitted during class or at the TA’s office, LGRT 222.
Lab assignments are due the week after they are assigned (except that lab #7 takes two weeks).
Lab assignments are 10 points each; 3 point late penalty for between one day late and one week late, no credit thereafter.
Email questions to me with COMPSCI 105 in the Subject: line, and your name as part of the message body.

Never email any assignment to me as an attachment. All attachments will be deleted.

Never send email to me for trivial questions that can be answered during class; I won’t email a reply.
On-line assignments are automatically assessed late penalties of 1 point per day without human intervention.
If you must leave school on long unavoidable absences, please contact me as soon as possible to arrange accommodations.
I do NOT want your flash drives back at the end of the semester.

ALL STUDENTS pick up graded work from their own individual personal file folders in the TA’s office, LGRT 222.
Cell phones are NOT WELCOME. Please turn them off or set to airplane mode/vibrate-only when you come to class.
Laptop computers are welcomed and encouraged in class for taking notes and on quiz days. (Not at exams, though!)

DO YOUR OWN WORK, INCLUDING HOMEWORK AND LAB WORK. You may discuss homework and lab assignments with other students, but you may not share files or disks. Term papers must not be plagiarized and will be scanned using on-line software designed to detect duplication. Upon discovery of any infraction, I will contact you for a conference, as required in the guidelines set out by the University of Massachusetts Academic Honesty Policy, (see the document at: http://www.umass.edu/dean_students/academic_policy/) and we will resolve the issue according to those guidelines. DO NOT ask for work after the end of the semester to boost your grade.

RTFM!
